### Class Descriptions:

**Circuit Training** – Come join us for a 45-minute circuit training workout where we will focus on muscular strength and endurance through a series of exercises targeting the upper and lower body. The benefit of circuit training will be for those who are wanting to increase bone density, improve cardiovascular endurance, muscular strength, and toning your overall physique to feel better and stronger. Circuit training can help tackle weight loss, strength, and increase bone density, and increase performance in everyday life. We will make sure each movement is performed correctly and safely, address and muscle imbalances, and make sure we see progress in each movement that we perform.

**Strength and Conditioning** - This is a muscle building and conditioning class. Exercises will utilize a mixture of equipment and bodyweight to sculpt and define different muscle groups. The class is 45 minutes long. Each class will begin with a warmup then move through complementary circuits to ensure a total body strength training session with a focus on abs as well. The major focus here is strength training and challenging muscular endurance.

**Teen Circuit** - Ages 12-17 Various workouts that boost cardiovascular fitness plus build strength, coordination, functional capabilities using resistance exercises, free weights, kettlebells, and various other equipment.

**Kickboxing Express** – A short but intense 30 minute class using boxing, kickboxing, and athletic conditioning techniques for a great aerobic and muscle strengthening workout. A great cross training workout for all levels.

**Personal Training Class** – A strength-based class in a small group environment utilizing the gym equipment. The trainer will provide a more personalized workout. The class size is 2-4 people.

**Small Group/Semi Private Training** – A small group environment with 2-5 people will provide a personalized workout. The trainer will customize this group to your needs and goals. Available upon request – by appointment only.

**Personal Training** – A personal one-on-one session with one of our trainers. They will focus on your needs and goals, working you out to excel in areas you want to improve. Available upon request – by appointment only.
