Class Descriptions:

Pilates – an equipment class utilizing the reformer/Cadillac to work on strength, flexibility and your core.

Pilates 1.5 – an hour and half equipment class utilizing the reformer/Cadillac to work on strength and core with an extra emphasize on stretching

Pilates Restore -Pilates Equipment class with more focus on stretching and balance while working your core and strengthening your muscles at a slower pace. You will feel energized, stronger and lengthened when you finish.

Pilates Aligned – Use both the Pilates Reformer and the Corealign all in one class. The class focuses on stretches, working the core and balance.

Pilates Challenge – Ready for a challenge?! Try this Pilates equipment class utilizing a variety of equipment. Reformer, maybe Cadillac and a little Pilates chair! Some more advanced exercises for the Pilates enthusiast that would like to take it up a notch!

Pilates (Teacher in Training) - Want to take a Pilates equipment class at a reduced price? Try this class with one of our amazing student teachers. Help them learn and get a great workout in the process!

Pilates Circuit – Get ready to burn some calories and get your heart rate elevated! This is a low impact cardio class with the benefits of Pilates, the burn of training and the cardio of a hit class. Instructor led movements on the reformer and off the reformer for several intervals to then finish off with a nice stretch!

Corealign - Corealign is a combination of a ladder and a platform with two movable carts. It was designed by a physical therapist to improve posture, balance, and functional movement while in an unstable body position (standing, planking etc). It is part mind-body, part strength, part cardio, and totally unique! Corealign stimulates core stability and muscles have to function in a timely manner as you perform challenging exercises, deep stretches, and core-controlled aerobic training. It is a great way to connect the muscular system to the nervous system leaving you feeling buoyant and strong.

Cadillac Flow – An all-Cadillac Pilates Class that emphasizes technique and alignment, while offering a challenging and varied full body workout combined with the focus on utilizing your core. While only using the Cadillac machine, whether you are sitting, standing, kneeling, lying, or even upside down, the springs, bars, mat, and trapeze of the Cadillac provide the most unique and diverse Pilates class.

Fuse Ladder – A full body, challenging, fun workout that focuses on functional movements with spring and body weight exercises, and balance challenges. You will utilize both the big muscles and the smaller stabilizing muscles. You may climb, hang, lunge, squat, push, pull, and more. This class can accommodate for all levels – we are happy to adjust to where you are that day!

Barre class –an interval cardio class with a large focus on the core and the lower body, especially the hips and butt, *feel the burn, stretch to the limits, I can't take it anymore...* PILATES BARRE class!

Tight butts No guts- Pilates class focused on toning the core and legs using mat and a variety of props including bands, balls, foam rollers, arcs etc....

Pilates Mat – Pilates exercises done on a mat focusing on the total body with an emphasis on the core

Cardio Pilates - A Pilates class on the reformer utilizing the jump board in an interval format to incorporate cardio, strength, and core into a cardio fat burning workout!

Pilates Chair- A unique and fun full body workout using different spring resistance and the split pedal option, this apparatus offers a challenging cardio/aerobic workout as well as increased stability and flexibility. It is excellent for strengthening the core muscles, the arms and legs. Exercises are done lying, sitting, and standing on the chair.

Springboard - Pilates Springboard classes take you through a warm-up, core strengthening, upper body and lower body conditioning program for all levels. This user-friendly equipment allows you to access the basics of the Cadillac, but in a fun and friendly group environment.

Spring and Chair Duo – A class utilizing the Springboard and the Pilates chair. Takes you through a warm-up, core strengthening, upper and lower body conditioning program for all levels. This user-friendly equipment allows you to access the exercises of the Cadillac using the springs and combining with the powerful Chair exercises.

Kickboxing Express – A short but intense 30 minute class using boxing, kickboxing, and athletic conditioning techniques for a great aerobic and muscle strengthening workout. A great cross training workout for all levels.

TRX Combo – This revolutionary method of leveraged bodyweight exercise called suspension training will totally change your approach to fitness. With a combo of TRX, springboard or chair this class will build power, cardiovascular endurance, strength, flexibility, balance, mobility, and injury prevention, all at the intensity you choose.
